

Alonne Captain Helm

In-Game Description

Helmet worn by the captain of the Alonne Knights.

The accoutrements of the Alonne Knights, who served the Old Iron King, were created with an advanced casting technique. They remain solid, and handsomely crafted.

The design is styled after the armor worn by an unusual knight who trained the Iron King's men in the sword. He was said to have deserted his liege after bearing witness to his descent into depravity.
