

Knight

Description

"Traveling knight. High HP and adaptability. Tough to take down."

This class is intended for players who intend to use heavy armor and weapons.

The Knight is a solid choice for players who plan to focus on melee but also want to incorporate miracles at some point. This is a really solid starting class. The knight starts with a good set of armor, compared to the other classes. Knights also begin with good Strength, fair Faith and Adaptability, and the most Vigor of any other class. A knight's weakness lies in very low Intelligence and low Attunement, but is still above the Bandit in both respects. You can level Strength and Dexterity to use a variety of weaponry with little difficulty, and you already have some Faith as well. The Broadsword will serve you well until you find a weapon you like better, but you will need to acquire a shield as a top priority. Consider buying the Silver Eagle Kite Shield in Majula.
