Lore

The leaders of the Alonne Knights don fantastic armor that retains its brilliant shine to this very day.

*Despite having an army of the finest warriors equipped with the best weapons and armor to be found across the land, the Iron King's reign did not last.
A true king requires more than simply the strength of arms.*

Location

Iron Keep

- Found throughout the map

Drangleic Castle

- Found in the area past the Central Castle Drangleic bonfire. In *Dark Souls II: Scholar of the First Sin*, only one remains on top of the building containing the Estus Flask Shard.

Memory of the Old Iron King

- Found throughout the map.

Item Drops

- Blacksteel Katana
- Alonne Captain Set
- Alonne Greatbow
- Monastery Charm
- Destructive Greatarrow x 3

Moveset

- Palm Strike - A short range attack where they knock you down by hitting you with their palm and then strike down on you when you are lying with their katana

- Quick Thrust - A quick draw that leads into a very far reaching forward thrust.
- Quick Slash - A quick draw that leads into a regular slash.
- Shoot - At range several of them will continuously fire homing Great Arrows at you.

Appendices

- They won't drop their special katana.
- Their electric katana can be parried and they can be riposted.
- When hit by a two-handed strong attack or running attack from Ultra Greatswords, they will be staggered in a way that allows you to perform a guardbreak critical attack on them. Some other attacks that can knock enemies airborne (like the spinning slash from the Majestic Greatsword, for example) also work.
