

Drakekeeper Knight Phantom

Description

A knight wearing Drakekeeper's armour and holding a Warpick as a weapon.

Location

Drangleic Castle

Guards entrance to the castle along with Royal Swordsmen and Primal Knights.

Bonfire Intensity	HP	Souls
1	N/A	N/A
2	4,350	3,560
8	7,000	7,120

Equipment

- Drakekeeper Set
- Drakekeeper's Warpick

Drops

- Drakekeeper's Warpick (rare)

Strategies

- Lure him close to where the Emerald Herald is standing (his aggro range is longer than that of the Primal Knights). His attacks are easily avoided by rolling to the right or behind him, and leave plenty of openings for backstabbing.

Notes

- Can be respawned by using a Bonfire Ascetic on the King's Gate bonfire in Drangleic Castle.
