Magic	30%
Lightning	30% (15% when Wet)
Dark	30%
Poison	Susceptible
Bleed	Susceptible

Attacks

Attack	Description
Move	Description

Strategies

- Basically the same strategy used to fight the Flexile Sentry boss fight in No-man's Wharf. It is much easier to stay on the side of the enemy wielding the twin great clubs.
- When it slams its clubs on the ground in front of him, rush in and get a few strikes in before he picks them up again. Rinse & repeat and it will be an easy fight.
