

# Greatsword Bell Keeper

## Description

*This is another member of the Bell Keepers; he towers above his allies in a very literal sense. What could have created such a motley crew of guardians? That must be the power of love.<sup>1</sup>*

## Location

### Belfry Sol

The first one is found in-between the two small towers (the one with the ladder and other with the lever to ring the bell).  
The second one is found right after the roof part of the area along with two Bell Keepers.
