

Gutter Denizen

Description

A male Red Phantom found in the Gutter.

Equipment

- Black Witch's Staff
- Black Witch Set
- Black Witch Veil

Location

The Gutter

At the bottom of the ladder pit in the area below the Central Gutter bonfire, after every scone in The Gutter has been lit. Only in *Dark Souls II: Scholar of the First Sin*.

Drops

- Black Witch Set
- Black Witch Veil
- Human Effigy

Strategies

Notes

- He will only invade once every scone has been lit in The Gutter. The easiest sconces to miss are the one at the end of the zipline (unreachable otherwise) and the three near the bottom of the pit below the second bonfire, one of which does not have ladder access and must be dropped to from a higher platform.
- Using a Bonfire Ascetic on the Central Gutter bonfire will allow you to re-light the sconces and fight him again.
