

Iron Warrior

General

A large, lumbering warrior. Shaped by the Brume Tower furnace, the Iron Warrior uses a piece of misshapen metal as a weapon.

Bonfire Intensity	HP	Souls
1	3,300	2,200
2	3,612	4,400
8	6,850	8,800

- Periodically lava seeps from its shoulders, dealing minor damage but causing stagger. This is a destructive attribute around explosive barrels.
- There are two versions of this monster. One with the Smelter Hammer and another with an oversized mace. The mace variant can cause the Bleed effect.
