

Knight Phantom

Description

A common knight of old, still fighting in defense of the realm.

While you'd normally expect such a heavy warrior to sport a shield, he dual wields a rare foreign sword and a Dagger instead.

Location

Forest of Fallen Giants

Right above Pate's gate at Bonfire Intensity 2+. Another one is accompanying the Syan Knight Phantom right outside the King's Gate.

Notes

- Doesn't use power stance, oddly enough.
