

Parasitized Undead

aka Spider Drone

Description

*Former residents of Brightstone Cove who failed to escape the wave of invading spiders and became the parasitic arachnids' hosts. A gruesome fate undeserved by those whom it befell, the still-living host is used as a source of nourishment by the spider as it seeks out new sources of food.*¹

Location

Brightstone Cove Tseldora

Bonfire Intensity	Health	Souls
1	700	360
2	1,150	720
8	2,200	1,440

Resistance

- Medium Magic, Lightning and Dark Resistance
- Low Fire Resistance

Drops

- Tseldora Set
- Prism Stone
- Human Effigy
- Large Titanite Shard

Attacks

- Three swipes in succession.
- Can hit you while dying if killed with melee hits.

Notes

- Seems to have a very high Human Effigy drop rate in NG++.
- Appears to be inspired by the unused Claw Hollow enemy from Dark Souls 1.
