

# Quicksword Rachel

## Description

---

A Red Phantom found in the tower full of Scorchers.

## Equipment

---

- Bastard Sword
- Alonne Knight Helm
- Old Knight Set
- Drangleic Shield

## Location

---

### Brume Tower

From the Foyer bonfire, enter the room with multiple lever-activated gates and complete it. Exit the room and cross the giant chain to enter one of the side towers. Travel through the tower until you reach the ladder next to the Scorchers. She will invade you once you reach the bottom of the ladder.

## Drops

---

- Awestone (if you're a member of the Company of Champions covenant)

## Strategies

---

- A simple way to defeat her is to ignite one of the braziers around her spawn area, and stand on the opposite side of it to her, strafing around it to keep her on the other side. This will cause her to stand close to the brazier as she attempts to move around, setting herself on fire.
- If you use a Seed of a Tree of Giants she will go around killing the nearby enemies, and eventually gets killed.
- Rush into her spawn location and hit her while she's buffing, occasionally she will rebuff her weapon which also leave her open to attack.
- Lighting the oil filled sconces on fire, then luring her to step in the fire, is an easy way to deal consistent damage, specially while distracting her to heal.
- If her attacks doesn't connect to you, she will continue to preform a three strike swing with her great sword to trick the player into ending an attacking pattern.

## Notes

---

- She can use various resins to buff her weapons.
- Using a Bonfire Ascetic on the Foyer bonfire in Brume Tower will respawn her.
