2	1,884	1,600
8	3,600	3,200

- Wilted Dusk Herb

Attacks

- Leaping bodyslam.
- Strike.
- Self-destruct.
- Feign Self-destruct.
- Immolation (When on fire)

Notes

- Once lit on fire, it may preserve its unlit behaviour for a while.
 - Becomes faster when set on fire.
 - It may feign an explosion when not on fire. It will NOT feign an explosion when on fire and will almost always self-destruct once in range. An efficient way to dispose these monsters is to punch them with Pyromancy flame and then let them kill themselves.
