

Vorgel the Sinner

Description

A Royal Soldier thrown to the dogs behind the bell tower. What did he do to deserve such a fate? And what was he doing with the master key to Sinner's Rise?

Equipment

- Winged Spear
- Hollow Soldier Shield
- Hollow Soldier Armor
- Hollow Soldier Helm
- Royal Soldier Gauntlets
- Royal Soldier Leggings

Location

Belfry Luna

Invades inside the moss-lined pit right below the bonfire, past the Belfry Gargoyles.

Drops

- Winged Spear +5 (rare)
- Awestone (if you're a member of the Company of Champions covenant)

Strategies

- You'll need to kill off some of the dogs if you want to have a chance at defeating this phantom. Equip a weapon with a wide horizontal swing and take as many out as you can before he appears. You can then use the small stairway to your advantage as any remaining enemies will likely follow you up or down in single file.
- If you don't want to fight, you'll likely die in the process but you can try to rush behind the dogs and Vorgol to grab the items in this area, including the Bastille Key and an Enchanted Falchion.
- Alternatively, climb down the ladder to make him spawn, climb back up again, pop a Seed of a Tree of Giants, and watch him get torn apart by dogs.
- Sorcerer staff can reach beyond the wall and shoot directly downwards if you lock on. You may need to climb midway down the ladder to lock on. Equip the staff on the arm facing the ladder to gain more reach
- Using a Bonfire Ascetic on the Upper Ramparts bonfire in Belfry Luna will respawn him.
