

Black Firebomb

In-Game Description

*Bisque urn filled with black powder.
Explodes, inflicting great fire damage.*

*Utilizes a powerful explosive developed
in the fallen kingdom of Forossa.
Black firebombs can cause harm to their
owners when misused, and Forossa law
defined stringent standards for their
safe storage.*

Use

Explodes, inflicting great Fire damage.
Base damage from a direct hit is: $240 + 1.5 \times \text{Fire Bonus}$
The explosion can deal damage to many nearby enemies at once.

Availability

- Unlimited sold by Magerold of Lanafir for 300 souls each
- Three found right above the second bonfire in Earthen Peak
- Three can be found in the Gutter
- Another two can be found in the Gutter
- Two near the second bonfire in Undead Crypt
- Dropped by Cask Runners

Notes

- Stronger than regular Firebombs.
 - Can be batted out of the air, or even back at the thrower.
