

Dung Pie

In-Game Description

*A large excrement. Still rather warm.
Throw at enemy to cause rapid onset of poison,
but you too will be subjected to the same bane.*

*Most warriors are loath to come near
a thing like this, much less carry it around,
but therein lies the advantage.*

Use

Poisons foes, but also builds up poison on yourself.

The Rat King	600 souls	∞

Chest and Corpse Locations

- Two are inside a pot near the first bonfire of the Gutter.
- Three more can be found near the second bonfire in the Gutter.

Enemy Drops

- Dropped by Scorchers in Brume Tower. (uncommon)

Notes

- Can be extremely effective in PvP. Two to four pies can be thrown to poison almost any opponent.
 - High Poison Resistance is recommended when using these.
 - Can be used in combination with Poison Moss to bring yourself to Red Tearstone Ring range for the damage boost.
