Lacerating Knife

In-Game Description

A throwing knife.
Its sharp blade is intended to cause bleeding
rather than simply inflict damage.

This simple weapon is easily utilized,
but has limited range and deals little damage.

However, if the knife can cause bleeding,
the target's max HP will be lowered.

Use

Sharp throwing knife that causes bleeding.

Availability

- Unlimited sold by Laddersmith Gilligan for 350 souls each.
- Five found in Sinner's Rise near the bottom of the elevator before the Lost Sinner.
