

# Repair Powder

## In-Game Description

*Enchanted metal rendered into powder.  
Repairs equipment.*

*Weapons and armor wear down with use.  
Allow too much wear, and you won't be  
able to use them.*

*You have only yourself to blame if you find  
yourself in crisis with no powder to spare.*

## Use

- Restore equipment durability.
- Repaired durability:
  - Weapons: 30 points.
  - Armor: 50 points.
  - Rings: 20 points.
- Will not repair items that are already broken.
- Only repairs equipped items (6 weapon slots, 4 ring slots, and 4 armor slots).

Chancellor Wellager	2,500 souls	∞

# Chest and Corpse Locations

---

- One in a wooden chest in the room up the stairs from the Cardinal Tower bonfire in the Forest of Fallen Giants. The chest also contains the Small Leather Shield.
- One in a wooden chest on the top floor of the large building in No-man's Wharf, along with a Titanite Shard. Note: it is best to lure the nearby Varangian Sailor away from the chest, as he can easily break it in a couple of swings.
- One in the secret area accessed by riding the top of the elevator that runs between the Lost Bastille and No-man's Wharf ship. The corpse also holds a Scimitar.
- One on a ledge down a ladder (leading to the Life Ring +1) in the large open area before the Smelter Demon boss fight in Iron Keep, along with a Large Soul of a Proud Knight.
- Five in Drangleic Castle, in the room with the Estus Flask Shard chest after activating the elevator, along with ten Flame Butterflies.
- Three on a corpse in the last section of the Memory of the Old Iron King.
- Three on a corpse where the frozen fountain and many Spellswords are found in Frozen Eleum Loyce. Can only be looted once Alsanna makes the blizzard cease.

## Enemy Drops

---

- Dropped by Corpse Rats in Grave of Saints. (uncommon)
- Dropped by the two sickle-wielding Grave Wardens in Undead Crypt, near Grave Warden Agdayne. (uncommon)
- Dropped by Sanctum Knights in Dragon's Sanctum. (uncommon)
