

Soul of Nadalia, Bride of Ash

In-Game Description

Fragment description:

Soul of Nadalia, Bride of Ash, who renounced her flesh and wandered Brume Tower. When Nadalia came to this land, the king she sought was no longer there. Dispirited, she forsook her own soul and clung to the heirlooms of the old king. This is only a fragment of a soul, and cannot be used in this state.

True soul description:

Soul of Nadalia, Bride of Ash, who renounced her flesh and wandered Brume Tower. In the act of dancing, the Bride of Ash was transfigured as smoke, enticing people to her residence. And so her seat of power came to be known as the Brume Tower. The wondrous soul of this augur of solitude can be used to acquire numerous souls, or to create something of great worth.

Availability

Destroy Ashen Idols around Brume Tower with Smelter Wedges. They will leave behind fragments of Nadalia's soul, there are 12 fragments in total.

11 are acquired by destroying Ashen Idols, the last one is dropped by the Fume Knight.

Use

Only the completed soul can be used.

Straid of Olaphis	Outcry	45,000
Weaponsmith Ornifex	Chime of Screams	20,000

Notes

- When you pick up the final fragment, you get a message: *Nadalia is no more. True soul of Nadalia acquired.*
 - If you die or exit the game before picking up the soul item, unlike other dropped items, the item will still be there on the ground.
 - The fragments will only combine to form the True soul of Nadalia if they are all outside your item box while in Brume Tower. If you keep some fragments in the item box, then, after collecting all 12, you move them from your item box to your main inventory while outside of Brume Tower, the 12 fragments won't combine. You won't see the message appear and neither Straid nor Ornifex will offer the unique trade items. They'll combine after returning to Brume Tower (all areas of The Old Iron King DLC have this effect).
