## Walkthrough

### Map (Japanese)

Go through the doorway and enter a large, vaulted hall. It contains numerous Alonne Knights, Flame Salamanders and an Alonne Knight Captain. In the first doorway on the left of the room is a body holding 3x Rusted Coin. Scattered in the middle of the room are bodies holding 5x Smooth & Silky Stone, 3x Human Effigy and a Skeptic's Spice.

At the end of the room is a hole, drop down it. This passageway will bring you to a room with a grated floor, with a few Knights (some firing greatbows) and a Salamander beneath the grated floor. On the floor are two bodies, one holding 5x Radiant Lifegem and another holding 3x Repair Powder. In the room below the grated floor is a Twinblade +7.

Go through the doorway at the end of the room to reach the boss fog for Sir Alonne. After killing him, examine the chair to receive a Smelter Wedge. Examine it again to leave the memory.
