## Loot

---

- There's a Radiant Lifegem in the opposite side of Undead Crypt Entrance bonfire.
- A body with a Large Soul of a Nameless Soldier is near Grave Warden Agdayne.
  - Soul of a Brave Warrior at Bonfire Intensity 2+.
- Drop off the platform with two Royal Guards, then climb up the ladder to find the Crushed Eye Orb in a chest.
- Before the fog gate there's a drop where you find a Soul Vessel in a chest. Up the ladder you find a Soul of a Hero, then down the short broken ladder is the Undead Ditch bonfire.
- There's a Dragon Charm and a Petrified Dragon Bone after the first fog wall.
- In the room next to the Undead Ditch bonfire you can find the Bracing Knuckle Ring +2
- In the room with the second bonfire, there is a broken ladder in a corner of the room. A body near it has a Titanite Chunk and and Petrified Dragon Bone.
  - Three Chunks instead of one at Bonfire Intensity 2+.
- Climbing a ladder in the corner of the gravestone room by the bonfire leads to the platform the Leydia Witch attacks from and a chest containing the Dried Fingers, a Bonfire Ascetic, and a Twinkling Titanite.
- Lying on the stairs is a Soul of a Lost Undead.
  - Large Soul of a Brave Warrior at Bonfire Intensity 2+.

- In the room where you fight Nameless Usurper there's a Divine Blessing and a Soul of a Hero.
- In that same room is an illusionary wall, on the right wall from when you enter the room, or opposite the exit. The chest has the Avelyn and some Heavy Bolts.
- The room with many gravestones and bell-ringing hollows has a Radiant Lifegem and Homeward Bone.
  - 2x Elizabeth Mushroom and 3x Homeward Bone at Bonfire Intensity 2+.
- A second illusionary wall hides a Pharros contraption in the second gravestone room with the bell ringing hollows. The wall is on the left side of the room. Inserting the lockstone reveals a Pharros wall on the opposite side of the room. Inside is a chest with Olenford's Staff and Great Lightning Spear.
- The Mace of the Insolent is located on a body by the exit of this room, to the side of a gravestone.
- Next the entrance to the hallway leading to the boss there is a chest containing a Darknight Stone and Magic Stone.

## Bonfire Intensity 2+ Changes

---

- Two Imperious Knights are added to the room with the three Leydia Witches.
- Wall Warriors are added to the path to the Crushed Eye Orb chest.

## Notes

---

- Leydia Pyromancers indefinitely spawn from their gravestones if you stay near them. Destroying the gravestones permanently stops them from spawning.
- Hollow enemies can ring bells around the level, which spawns all Pyromancers in the area.
- Pull the lever just before the long hallway to the boss to open a shortcut to the Undead Ditch bonfire.
- Location of an excellent soul farming spot. Once in the final hallway, avoid killing the Hollow under the stairs and simply kill the respawning Leydia Pyromancers. You can also kill him and ring the bell yourself. This way you can control when the Pyromancers respawn.
- Near the shortcut bridge you can see a platform under you. Here you can light a scone, which in turn lights the large scones on the statues in the room. In SotFS, this spawns several red NPC phantoms throughout the crypt. These Insolent Knights do not respawn without use of a bonfire ascetic, and have a chance of dropping the Insolent Set and Shield of the Insolent, which are otherwise unobtainable in SotFS.
