

# Gestures

Used to communicate with other players. The gesture menu is accessed with the Select / Back button.

Motion sensing is enabled for the Playstation 3's SIXAXIS controller. In theory, when the player presses and holds the X button down the game will recognize the pattern of movement and perform the assigned gesture.

Image	Gesture	Description	How to obtain
	<b>Point</b>	Player points forward	Available at start
	<b>I Won't Bite</b>	Player gestures to come nearer	Available at start
	<b>Bow</b>	Player performs a bow	Available at start
