# Notes

---

- Generally not a recommended summon since her only offensive move is using Caestus.
  - She will do the *Righty-ho* gesture when summoned, the *Fist Pump* and *Wave* gesture after the boss is defeated. She will also use the *Hurrah!* gesture after having crossed the fog gate leading to Aava, The King's Pet.
  - She will use both her power-stance Caestus and Pyromancies against Aava, The King's Pet. The Pyromancies she uses are Flame Swathe, Great Chaos Fireball, Forbidden Sun and Fire Tempest. This is the only occasion in which she will use her Pyromancy Flame.
