

Large Leather Shield

In-Game Description

A Leather-covered shield. Preferred by hunters.

Inferior to metal shields in terms of stability and physical damage reduction, but easy to use and weighing so little that it hardly requires any strength to bear.

Availability

Forest of Fallen Giants treasure. Just before the elevator down to the Last Giant and the shortcut door to the Cardinal Tower bonfire, there is a room to the right with a Crystal Lizard and some hollows. Tucked away in the corner is a short stairway down to a boarded door. A dead body with the shield is huddled at the bottom of the stairs.
