

Bleed Atk Bonus

In-Game Description

Boosts the power of bleed attacks.

Use

Improves Bleed buildup speed.

Notes

- The base Bleed BNS, with 0 DEX and 0 FTH is 50.
- Every point of Dexterity gives 3 points, every point of Faith gives 1 point, the points are summed and checked against the table below.
- For example, having 10 DEX (30 Points) + 22 FTH (22 Points) will give a total of 52 points, which equals 70 Bleed Bonus.
- This value is multiplied by the weapon's bleed scaling factor, then added to the attack rating.
