

# Lightning Attack Bonus

Abbreviated as **Lightning BNS** in-game.

## Description

*Boosts the power of lightning attacks.*<sup>1</sup>

## Use

Determines how much extra damage you do with lightning scaling weapons and miracles.

## Notes

- Diminishing returns begin after 40 and become worse after 50.
- This value is multiplied by the weapon or spell tool's lightning scaling factor, then added to the attack rating along with any other scaling.
