

Physical DEF

Description

Level of defense against physical attacks¹

Uses

- Defense modifier on armors.
- Reduces the damage taken from physical attacks by around 0.2 per point. Will never reach 100% damage reduction.

Influence of Attributes on Physical DEF

- Endurance, Vitality, Strength and Dexterity equally influence Physical DEF.
- Every 4 points put in those stats (e.g. 1END, 1VIT, 2 STR) will add to Physical DEF.
- Has the most scaling between 84 and 160 points in those stats and gives very little return after 200 levels
