Move Set

- Same as the Zweihander.

Notes

- Stamina consumption out-classes other Ultra Greatswords that scale primarily with strength and require dexterity fitting of a strength build (which excludes the Drakewing Ultra Greatsword). Despite its shorter range and high weight (compared to the Zweihander for move-set and weight efficiency on a strength build) , it uses noticeably less stamina than other UGS. It's pretty invaluable to a strength build, with S scaling in strength. Also worth mentioning; it's the only UGS for a strength build to get proper damage output, pure physical damage, and a Zweihander move-set , for less weight than the Smelter Sword and the Greatsword. The Zweihander's extremely manageable weight and amazing range, however, put it in a class all its own for those seeking less stat investment in Strength.
